FINANCIAL SITUATION

New York Institutions Seem to Be in Good Condition.

SHOW WONDERFUL POWER

Banks Successfully Resist the Pressure Put Upon Them—Pool Headed by Morgan Furnishes Funds to the Stock Exchange.

New York, Oct. 26.—Another nerve-racking day has passed, but the financial institutions of New York have shown extraordinary power of resistance to the pressure put on them. While it is true that several minor institutions have been forced to close their doors, yet two things should be said about them; first, that the amount involved was not so great as to exert any marked influence on the general situation, as these banks were located in residential quarters and did not come into touch with the larger financial institutions, and, second, there is every reason to believe that the banks and trust companies are entirely solvent and their difficulties will prove to be only temporary and due entirely to inability to secure ready cash on the gilt edged securities in their vaults. Of course, this cessation of business by these companies caused trouble to many people, but not as great as it might seem, as the depositors are for the most part located in the well-to-do quarters of the city and many of them are people of wealth who have suffered no great inconvenience.

Banks Protected Themselves.

In the light of the general excitement the savings banks thought it wise to put into effect the rule requiring thirty to sixty days notice for the withdrawal of deposits, which will prevent the withdrawal of money which would otherwise be put in safety deposit boxes. The savings banks, if they continue to make payments, would be obliged to withdraw funds from national banks, thereby causing an additional strain on the general banking situation. There was not the slightest hint that any of the savings institutions was in anything but the soundest condition and it was pointed out that the savings banks of this state are so restricted by law in investing their money that there can be no question that all of the securities in their possession are of good value and readily salable in normal times. The institutions which closed their doors Friday with the sums due depositors were:

The United States Exchange bank, Harlem, \$600,000; International Trust company, about \$100,000; the Borough Bank of Brooklyn, \$4,000,000; the Brooklyn bank, \$2,300,000; Williamsburg Trust company, Brooklyn, \$7,500,000, and the First National bank of Brooklyn, \$2,500,000.

The First National bank of Brooklyn, the Williamsburg Trust company and the International Trust company were allied institutions. None of these companies had any important business connection with the larger banks, which are representative of the city's financial affairs.

On the other hand, a number of favorable features marked the day. The Trust Company of America and the

Lincoln Trust company, the organizations which have suffered most from runs, have been slowly paying out to their depositors and closed the day with all demands having been met. In the case of the Trust Company of America the run has well nigh spent its force, as the bulk of the depositors have been paid off.

Number of Depositors Reduced.

At the close of business there were a good many in line at the Lincoln Trust company, but also there was a marked reduction in the number of anxious depositors.

The most favorable incident of the day was that the Stock Exchange was provided with funds ample to meet its immediate necessities by a money pool headed by J. Pierpont Morgan, which sent about \$15,000,000 to the exchange during the afternoon. The stock market had held relatively firm all day, but when the pool money was offered in the loan corner there was an immediate return of prices and the market closed strong at the best prices of the day. As all of the loans made Friday hold over until Monday the Stock Exchange situation will not be a factor in the problem that the bankers may be called upon to solve today. A very encouraging feature of the afternoon's developments was a signed statement by Clark Williams, the newly appointed state superintendent of banking, affirming the solvency of the local institutions.

There was the usual crop of alarmist reports afloat during the day, one of them to the effect that a large dry goods house was seriously involved but this as well as all the other rumors proved to be false.

A further encouraging development of the afternoon, the good effect of which can scarcely be over estimated, was the decision arrived at unofficially to issue clearing house certificates. There will be a full meeting of the Clearing House association today for the purpose of taking official action for the issuance of these certificates. The immediate effect of this will be to enable the banks to settle the balances between themselves with these certificates and thereby release large sums of currency for the regular needs of business.

The decision to issue clearing house certificates is likely to end any further anxiety in regard to the supply of currency. The decision means that hereafter large balances against any particular bank at the clearing house can be settled in clearing house certificates and the bank allowed to retain its cash to meet other demands. The certificates will be issued as usual only upon the deposit with the clearing house committee of acceptable securities and only in such amounts as the clearing house committee shall approve, but in the case of a bank whose affairs are sound there will be no arbitrary limit put to the assistance of this sort to be rendered when needed.

The first issue of clearing house certificates was in 1860 and there were several issues during the period of the war. Other issues occurred in 1873 and 1884. The last occasion on which they were availed of was in 1893. The clearing house certificate is practically a guarantee by all the banks in the clearing house that the certificates shall be redeemed at par, but the clearing house banks are protected against loss by the fact that first-class securities, either commercial paper or stocks or bonds, are required before the certificates are issued. The certificates are used only between banks in the settlement of their balances at the clearing house. They do not appear in general circulation, but by relieving the banks of the strain of large debit balances they enable them to keep their cash reserves comparatively intact. It is believed by competent bankers that an issue of \$50,000,000 will be the outside limit of what will be required on the present occasion.

TRUST COMPANY FAILS.

Another Rhode Island Concern Withstands a Run.

Providence, R. I., Oct. 26.—Although a temporary receiver was appointed for one trust company, while another is enforcing the rule requiring a notice of ninety days for the withdrawal of deposits, it is believed generally in Providence banking circles that the crisis has been met and passed successfully.

The bank for which a receiver was appointed was the Union Trust company, an institution with headquarters here and operating branches in Olneyville, Central Falls and East Greenwich. This is the bank on which the run started Thursday.

Cornelius N. Sweetland, vice president of the company, was named temporary receiver.

The New England Trust company Friday put into operation the rule requiring depositors to give ninety days notice of withdrawal of deposits.

Much of the interest of the day centered about the Industrial Trust company, one of the leading financial institutions of New England, operating nine branches in Rhode Island. At this bank a run was in progress throughout the day. Tellers paid all demands. A committee examined the book and securities and reported the institution in sound condition.

ON NAVAL PROBLEMS

Important Cabinet Meeting Is Held in Washington.

MORE MONEY IS DESIRED

Secretary Metcalf Would Increase Appropriation for Payment of Enlisted Men—Desires to Recruit Thousands of Bluejackets.

Washington, Oct. 26.—At a cabinet meeting Friday discussion was devoted largely to naval affairs. It was the first formal meeting of President Roosevelt's cabinet since June. Those present were Secretary of State Root, Postmaster General Meyer, Secretary of the Interior Garfield, Attorney General Bonaparte, Secretary of the Navy Metcalf and Secretary of Agriculture Wilson. The session continued for two and one-half hours, and the financial situation was given some attention.

Secretary Metcalf has just completed the compilation of the estimates for the maintenance of the naval establishment and as these show a great increase, as compared with the current fiscal year, thereby promising to cause much debate in congress, the president and secretary of the navy are giving their most earnest attention to them.

The secretary advanced a proposition to increase by \$5,000,000 the standing appropriation for the payment of enlisted men in the navy. According to his estimate this increase would admit of the recruitment of about 3,000 bluejackets in addition to the present force. The proposition was received with favor and will be included in the estimates to be submitted to congress.

Widening of Panama Canal.

Another matter, not entirely naval in character, but deemed worthy of report by Secretary Metcalf because of its influence upon the character of naval vessels to be constructed in the future, was the recommendation of the isthmian canal commission looking to the widening of the locks of the Panama canal, and this subject was discussed at some length. The president decided to await a detailed report from the canal commission upon this important subject and so the subject was laid aside for the present.

Secretary Metcalf also has before him the report of the naval general board headed by Admiral Dewey upon the new construction required to meet the plans of the board and these were touched upon incident to the construction of the width of the canal locks.

It is pointed out that by reason of the fact that he last year expressed the opinion that one new ship would be all that should necessarily be authorized at this congress, the president has somewhat embarrassed himself, but as several of the battleships which were last year supposed to be perfectly serviceable have since rather unexpectedly been shown to be of obsolete type, it is not apprehended that the president will have any difficulty in explaining to congress the necessity for amending the original estimate.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening medicine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or known composition, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equalled. Little sugar-coated granules—easy to take as candy.

5c School Handkerchiefs 3c

These are in the Bargain Basement and are most unusual at the price. We contracted for these last February and thus secured them before they were advanced in price.

"MICHAEL'S"

65c Souvenir Pillows 39c

Stamped on the very best art ticking. Two designs, one of our public library and the other a scenic design. Both souvenirs of Brainerd. Regular 65c qualities everywhere at 39c. These you'll find on first floor.

"MICHAEL'S"

20c Fleeced Hosiery at 15c

Heavy weight fleeced ribbed hosiery for boys' and girls—all sizes from 6 to 10—a bargain that we secured and pass same on to you—in the Bargain Basement.

"MICHAEL'S"

AUTO KILLS AGED WOMAN

Chauffeur Loses Control of Machine and Another Accident Occurs.

Bridgeport, Conn., Oct. 26.—A large automobile containing four passengers and the chauffeur while going at a rapid rate along Barnum avenue in this city Friday night struck and instantly killed Mrs. Ann Leavey, aged fifty, who was crossing the street with her husband.

The chauffeur then lost control of the car and it dashed along for about 200 feet and then plunged over an embankment, turning turtle and pinning the occupants beneath it. The services of several men were required to raise the wrecked car and rescue the passengers. The Misses Kittie and Mamie Brennan and Miss Julia Small were badly hurt and were hurt the chauffeur, was rendered unconscious. Thomas Tierney, escaped serious injury. William Logan, the chauffeur, was rendered unconscious. He was placed under arrest.

All the persons concerned are residents of Bridgeport.

Spreading Rails Cause Wreck.

Lexington, Ky., Oct. 26.—Spreading rails caused Chesapeake and Ohio passenger train No. 25, going west from Ashland, Ky., to Lexington, to jump the rails at Klondike station, thirty miles east of here. Express Messenger Arthur Chapman of Ashland was fatally hurt by a trunk falling on him. Many passengers received bruises, but none was seriously injured.

MIX THIS AT FIRST SIGN

Says Home-Made Mixture is Easily

Prepared and Cures Weak

Kidneys and Bladder

Here is a simple home-made mixture as given by an eminent authority on kidney diseases, who make the statement in a New York daily newspaper, that it will relieve almost any case of kidney trouble if taken before the stage of Bright's disease. He states that such symptoms as lame back, pain in the side, frequent desire to urinate, especially at night, painful and discolored urination, are daily overcome. Here is the recipe; try it;

Fluid Extract of Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup of Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bed time.

A well-known druggist here in town is authority that these ingredients are all harmless and easily mixed at home by shaking well in a bottle. This mixture has a peculiar healing and soothing effect upon the entire kidney and urinary structure, and often overcomes the worst forms of rheumatism in just a little while. This mixture is said to remove all blood disorders and cure the rheumatism by forcing the kidneys to filter and strain from the blood and system all uric acid and foul, decomposed waste matter, which cause these afflictions. Try it if you aren't well. Save the prescription.

Another of the Magnificent Prizes to be given in the Great Voting Contest

Artistic Individuality and Originalty, Purity of Tone and Thoroughness of Construction. Conceived in the mind of an artist, worked out in its minutest detail by careful hands, created in ideal environment, loved by the world's most famous musicians, places

THE EVERETT PIANO

in the highest possible rank among the very noted art instruments.

"When gripping griefs the heart would clothe, and doleful dumps the mind oppress, then music, with her silvery sounds, with speedy help doth find redress."—Romeo and Juliet.

THE EVERETT PIANO

An instrument that the musical world has long awaited. It is indeed a musical revelation, a realized dream of a scientific designer whose reputation is international and whose genius has produced the ideal, artistic EVERETT of today. There is in the EVERETT'S tone an underlying richness, a tenderness and a solidity that when awakened by a master's hand, sounds the gamut of human emotions.

On the concert stage the EVEREST reigns supreme, and is the choice of the most eminent pianists and singers. The purity, richness, sympathy, brilliancy and power of its tone have made it the idol of the musical world. Great artists like Reisenauer, Burmeister, Nordica, Hirschman, Campanari, Gallico, Damrosch, Sousa, and others, have showered their coveted favors upon it. These distinguished musicians not only use the EVERETT when appearing in public, but it is the only piano that finds a place in their homes and studios.

An eminent divine once said that "doubtless God could make a better berry than the strawberry, but doubtless God never did." The inference is obvious that the good doctor recognized the infinite powers of the Great Creator to be limitless, but the necessity for improvement did not exist in the doctor's judgment of berries. Had the doctor been called upon to pass judgment upon the merits of the Everett piano, his criticism would probably have been that man never had made a better piano, and doubtless man never could. And this magnificent Everett Grand is but another of the splendid pianos we are giving away without barter and without price, in the Greatest voting contest the world ever saw. The magnitude of this Great Contest is sweeping the country like a whirlwind. Its popularity is spreading from coast to coast: New York and California have now named their favorite contestants. Don't let these magnificent pianos go out of the splendid Northwest—God's country—but you have got to show true western spirit and HUSTLE.

Now is the Time to Harvest Votes

Don't wait until the tail end of the contest and be handicapped by those who got in at the beginning. Start today, while the contest is in its infancy, and work a little time every day and you can have your selection of those seven GRAND PIANOS.

For any Information Address Contest Dept. or Telephone 1658

STONE'S MUSIC HOUSE
FARGO, NORTH DAKOTA

Norwegian-Danish Lutheran church, near corner 10th and E. Oak streets:

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea, Whitish discharges, Ulceration, Displacement, Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling in the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles which caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give it for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, a book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing women suffer, and how they can easily cure themselves at home. Every woman should have it, a guide to think for herself. Then when the doctor says: "You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures old or young. To Mothers of Daughters, I will explain a simple home treatment which speed and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women strong, plump and robust. Just send me your address, and the free ten day's treatment is yours also the book. Write today, as you may not see this offer again. Address MRS. M. SUMMERS, Box 426 - South Bend, Ind., U. S. A.
